

The National Association for Rational Sexual Offense Laws proudly invites you to join us for our 12th annual conference!

NARSOL's national conferences provide unique opportunities to interact and network with researchers, restorative justice activists, civil rights attorneys, criminal justice experts, and advocates committed to informing public opinion and reforming the laws that marginalize registered citizens and their families. Our workshops and plenary speakers offer a host of choices to help you increase your skills and knowledge in areas such as litigation, lobbying, leading support groups, storytelling for impact, managing domestic travel, and learning about resources that empower registered citizens and families. Please register today at the website provided below!
